

Third Edition of GenAI & Software Engineering Workshop Schedule

Time	Talk	Speaker / Chair	Topic
09:30	Welcome	Lalit Sanagavarapu	Opening remarks and Agenda
9:40 - 11:00	Session 1	Chair: Raveendra Kumar	GenAI in Design
09:40	Invited talk 1	Karthik Vaidhyanathan	When Control Shifts: Software Architecture in the Age of Agentic AI
10:20	Paper 1	Jaya Bharti & Rushikesh Joshi (IIT-B)	Assessing General Purpose LLMs for Design Generation from Ontological Prompt Representations devoid of Design Clues
10:35	Abstract 1	Priyavanshi Pathania & Sankar Narayan Das (Accenture Labs)	Agentic AI-Assisted Traceability and Validation in Silicon Engineering
10:45	Discussion / Q&A	Moderated by Raveendra Kumar	Interaction with all 4 speakers of the session
11:00 - 11:30	T-break		
11:30 - 13:05	Session 2	Chair: Karthik Vaidhyanathan	GenAI in Code
11:30	Invited talk 2	Yogish Sabharwal (IBM)	Scaling Code Assistants for Brownfield Success
12:10	Paper 3	Balaji Kumbhar (Quick Heal) & Ravi Chandra (NITW)	The Role of GitHub Copilot-Assisted Development in the Adoption of Lightweight Edge Agents: A Perspective on Lifecycle Acceleration, Local Inference, and Security
12:25	Paper 4	Jay Gandhi & Shrishti Pradhan (TCS Research)	Tracing Domain Services in Application Code using Generative AI
12:40	Abstract 2	Rohit Mehra & Kapil Singi (Accenture Labs)	The Rise of Agentic Tutors: Contextual, Personalized, and In-Flow Learning for Software Developers
12:50	Discussion / Q&A	Moderated by Karthik Vaidhyanathan	Interaction with all 4 speakers of the session
13:05 - 14:00	Lunch break		
14:00 - 15:30	Session 3	Chair: RD Naik	
14:00 - 15:00	Panel Discussion	Moderated by RD Naik. Panelists - Souabh Tiwari (DA-IICT), Shakti Mishra (PDPU), Lalit Sanagavarapu (Quick Heal)	Humans and Agents in Co-Engineering Complex IT Systems
15:00 - 15:30	Lighting Talks	All Participants including Authors and Organizers. Each Lighting Talk for about 5 min to present perspectives, research and case studies, if any	
15:30 - 16:00	Tea break		
16:00 - 17:00	Session 4	Chair: Vibhu Sharma	GenAI in Test
16:00	Paper 5	Hrishikesh Karmarkar, Nishtha Arora, P and Pankaj Agrawal (TCS Digitate)	Beyond Input Maturity: Evolving LLM-Based Test Generation
16:15	Paper 6	Soham Raktawan & Asha Rajbhoj (TCS)	RegAnaCheck : Leveraging Generative AI for Regulatory Applicability Analysis
16:30	Paper 7	Pavan Kumar C, Rathana Veer Balla and Chandan Prakash (TCS)	SmartDocComparator - A Template Guided Smart Document Comparator for Acceptance Testing
16:45	Discussion / Q&A	Moderated by Vibhu Sharma	Interaction with all 3 speakers of the session
17:00	Closing Remarks	RD Naik
